Thursday February 25, 2016

Members present: Steven Rys, Richard Guimond, Richard Hart, Jay Lambert, Jeff Belli, Joseph Sousa

- **Approved meeting minutes**
- **The committee discussed possible options for locating recycling center within landfill property footprint. The committee considered two locations one at the front gate at beginning of landfill road and the second at the top of landfill to the north and west of landfill building. The committee agreed to a field trip to scout out the area of landfill on the second Saturday in March weather permitting.**
- **There is nothing new on e-waste recycling. The town is still referring residents to bring e-waste to little Compton transfer station.**
- **The DPW has been selling the new recycling totes, at present, the totals are 221 large 64 gallon totes and 46 smaller 48 gallon totes**
- **adjournment**
